

RUSA RIDE

G.K.S.M. Government College Tanda-Urmur (Dist. Hoshiarpur)

Introduction

Rashtriya Uchchattar Shiksha Abhiyan (RUSA) is a comprehensive centrally sponsored scheme proposed in 2012 by National Development Council (NDC) and approved in October, 2013 by the Ministry of Education, Government of India. It aims at the holistic development of higher education in India through strategic funding of HEIs all over the country. It also aspires to rectify flaws and usher transformative reforms in the higher education system of the country.

Objectives

The salient objectives of RUSA are:

- Overall and holistic improvement in the quality of state institutions and adoption of accreditation as a mandatory quality assurance framework.
- Usher transformative reforms in the state higher education system coupled with planning and monitoring at the state level.
- Promotion of capacity building, research and innovation.
- Expansion of the already existing institutional base and establishment of new institutions for achieving increased enrolment.
- Correction of regional imbalances and promotion of equity enhancement in higher education.

Projects Undertaken Under RUSA

Excellence demands preparation and hard work. We cannot think of excellence in any field unless we have the basic requirements fulfilled. A modern learning institution exudes confidence, which ultimately gets instilled in the students. When the students are confident that their alma mater would spare no efforts for their welfare and will provide for them the best of infrastructure, they automatically develop the habit of excelling in every field of endeavour. This is what we want to achieve with the help of RUSA.
