

**G.K.S.M GOVERNMENT COLLEGE TANDA URMUR
HOSHIARPUR
SESSION 2021-22**

**CRITERION VII – INSTITUTIONAL VALUES AND BEST
PRACTICES**

7.1.5 - Green campus initiatives include

**7.1.5.1 - The institutional initiatives for greening the campus
are as follows:**

Restricted entry of automobiles

Use of bicycles/ Battery-powered vehicles

Pedestrian-friendly pathways

Ban on use of plastic

Landscaping

7.1..2- Green campus initiatives include

The institutional initiatives for greening the campus are as follows:

1. Restricted entry of automobiles
2. Use of bicycles/ Battery-powered vehicles
3. Pedestrian-friendly pathways
4. Landscaping

Vehicle access restrictions:

Our College Committee Inform the campus community on a regular basis about the advantages and justifications for limiting vehicle entry. The alternative options, the transportation strategy, and any modifications to the rules or procedures governing parking should all be made clear. Encourage involvement and support from students, professors, and staff by involving them in meetings, workshops, and awareness campaigns.

RESTRICTED ENTRY OF AUTOMOBILES

USE OF BICYCLES/ BATTERY-POWERED VEHICLES

Use of bicycles/ Battery-powered vehicles : Awareness about the benefits of cycling and battery-powered vehicles among students, faculty, and staff. Highlight the environmental advantages, health benefits, and cost savings associated with these modes of transportation.

WALKING-FRIENDLY ROUTES

In our institution, the walkways were made to be wide enough to comfortably fit pedestrians. Make sure they are wherever feasible isolated from motor traffic, well-lit, and well marked. In order to survive weather conditions and create a safe walking surface, construction materials that are robust and non-slip were employed. Accessible routes are available for people with disabilities as well. Include curb cuts, tactile paving, and ramps to facilitate wheelchair users and anyone who have mobility issues. Observe accessibility standards to create a welcoming environment for all campus visitors.

LANDSCAPING

Landscaping: To create an appealing and aesthetically pleasing environment, incorporate landscaping and plants along the routes. For shade, better air quality, and an overall improvement in the atmosphere of the pedestrian routes, use trees
